Authors' contributions

C.F. designed the study, conducted analyses and drafted the article. As senior author, L.P. contributed to the conceptualisation and design of the study from the onset. L.P. also provided feedback during the drafting of the manuscript and gave critical feedback during the editing process. C.C.-L. conducted analyses for the study and drafted the results section. C.C.-L. also contributed to the interpretation of the results and provided critical feedback on the entire manuscript during the editing process.

The errors have been corrected in the PDF version of the article. The author, Caroline Fitzpatrick, apologise for any inconvenience that this omission may have caused.
